Kincer is state's leading scorer

By R. Percy Elkins

Whitesburg, which boasts the top beauty in Kentucky, now boasts the state's leading scorer in Roger Kincer. Kincer scored 30 points in leading Whitesburg to a 31-12 victory over Benham. This boosted his total points to 61 for the three games.

Kincer scored on runs of three and 28 yards and grabbed TD passes of 10, 16, and 66 yards. Kincer's 30 points, however, should not overshadow the outstanding performance of Ronnie Frazier. Ronnie carried the ball 17 times for 109 net yards. Most of this came by "bulling" his path over the Benham defenders.

A 15-yard penalty and Frazier's 21-yard run gave Whitesburg first down on the Benham three. Kincer crossed the stripe for the tying TD. Midway through the second period Kincer scored on a 16-yard pass to move the Yellow-jackets ahead 12-6. Three plays later Benham's fullback grabbed an aerial and raced 42 yards to knot the score at 12-12.

Whitesburg moved the ball back to the 34 where, on first down, Frazier fired to Kincer on the midfield stripe and he raced to "pay dirt" giving Whitesburg an 18-12 halftime advantage.

There was no scoring in the third period as the two teams moved into the other's territory, but were halted.

Kincer intercepted a pass on the first play of the last quarter to start another Jacket scoring drive. In 10 plays Pigman, Frazier, Kincer and Breeding moved the ball to Benham's 28. Kincer circled left-end and waltzed untouched into the end-zone.

The final tally came with but two minutes remaining in the period when Breeding snagged a Benham missile and dashed 25 yards to the Tiger 10. On third down Kincer caught Frazier's pass in the end-zone. Pigman crashed over for the point after and Whitesburg had won another game 31-12.

Bradshaw and Jones did an excellent job on defense. Thanks to Pat Breeding whose pencil made possible the recording of these statistics.

ROSEMARY BROWN

Jenkins girl wins 4-year scholarship

Lexington—Keeneland Foundation today announced that Rosemary Brown of Jenkins has received a four-year scholarship in education to Morehead State College.

Miss Brown, daughter of Mr. and Mrs. Donald E. Brown, and a graduate of Jenkins High School, is one of 10 recent graduates of Kentucky high schools to receive a grant from the Foundation, a non-profit corporation which receives its income from Thoroughbred sales and racing at Keeneland Race Course.

Other recipients of scholarships in education, their home towns and the schools they will attend, include: Carole Jones, Philpot, Daviess County, Western State College; Ann Carol Lindsey, Louisville, University of Louisville; Ruth Stone, Clinton, Murray State College; Sharon Bergman, Loyall, Eastern State College, and Maizie Allen, Hopkinsville, Kentucky State College.

The Louisville grant is valued at \$1,600, while each of the others is worth \$1,400. Four Kentuckians received four-year agricultural scholarships, each valued at \$2,000, to the University of Kentucky—Jacobs Venice Bentley Jr., Big Clifty, Grayson County; Shelby Woodring, Morganfield; Robert Lee Eddleman Jr., Springfield, and Michael Durham Wall, Lexington.

The Keeneland scholarships are administered by the schools, with the schools selecting the recipients. The criteria of selection include character, scholarship promise and leadership.

This is the fourth successive year that the Foundation has awarded 10 four-year scholarships to state schools.

Training program for teachers planned

An In-Service Education program for Letcher County teachers will be held in the Whitesburg Grade School Auditorium, beginning promptly at 8:30 a.m., (EST) on Wednesday, Sept. 23.

The theme of the program will be "Guidance and Counsel." (Continued on Page 8)

Carol gets 'welcome home'

By Virginia Combs

No home town welcomed back with any greater ceremony their candidate for "Miss America" than did Whitesburg.

Meeting her and her promoters at Kona—the fire chief, leading the motorcade of about 200 cars, escorted her to her

home. The motorcade was joined at Tunnel Hill by the Whitesburg School Band and a large group of friends. The band led the motorcade from that point.

Still radiant and beautiful to all her fans here, she stood on her spotlighted porch and waved and smiled at every car which slowly passed giving the

occupants a long look at our own Miss Kentucky.

Carol wore a pencil slim plaid skirt with broadcloth white blouse and held a bouquet of red roses.

Carol will return to Eastern State College to continue her education. She will represent the State in many functions during the year.

Board changes mind on bus decision

The Letcher County Board of Education changed its mind this week and decided county school buses may carry children from one school district to another.

Only a week earlier the board had voted to prohibit such transportation and ruled that if a parent wanted his child to attend a school outside the district in which he lived then the parents must provide private transportation.

At a continuation of the first meeting Saturday, Arnold Hall, the board member who made the original motion, said he had made it "in the heat of

passion" and added "I humbly apologize to each and every one of you."

In other action Saturday, the board:

1. Approved a close working budget and capital outlay budget, for the school system and salary schedule for professional help. During the discussion of the salary schedule several members of the board questioned why one principal should receive more extra pay for being principal than another in a school of similar size. Supt. W. B. Hall, after some discussion, informed the board, "This is the salary

schedule I am recommending. You take it or leave it." The board took it by unanimous vote. Hall said he could not supply board members copies of the schedule because the forms are furnished by the state and he had no more.

2. Decide to ask its attorney for advice on whether to pay Columbus Sexton's expenses for work as a supervisor from Aug. 1 to last week. Sexton has been the center of a controversy for several weeks. He was one of two supervisors hired without approval of the board, which later refused to have

more than one supervisor. Sexton then resigned and took a job in Louisville. Arnold Hall, commenting on the supervisor matter, said he had read a letter in the Mountain Eagle saying the county would lose money if it did not have more supervisors. "How many of you would have an elephant if I'd give you one?" he asked the audience at the board meeting. He said the county has to pay supervisors' expenses and compared it to feeding a gift elephant.

3. Authorized Supt. Hall to advertise for bids on installation of a new science laboratory at Whitesburg High School after Hall assured them the laboratory construction would not deplete funds set aside for some repairs on the grade and high school buildings.

4. Accepted Joseph Adams' bid of \$6.50 a ton to supply block coal, delivered, for county school buildings.

Postponed action on Robert Collins' claim against the board and directed that a board claim against Sheriff Johnny Fulton be turned over to the treasurer.

6. Renewed the contract of Cumberland Coach Lines to haul school children across Pine Mountain for \$900 a month.

7. Authorized addition of a part-time janitor for Letcher High School.

Authorized purchase of a hot water heater for Hemphill school.

9. Heard an explanation from Vertie Boston of charges against him of siphoning gas from a school bus. Boston said the gas was to repay him for gas he had bought with his own money when a school bus he was driving ran out of gas. Boston produced receipts for the purchase.

State won't okay new lunchroom

The State Department of Education has refused to permit construction of a new lunchroom at Haymond School.

The department notified the county school board it could not allow the construction so long as there is such a severe shortage of classroom space in the county.

Earlier, the board had decided to build the building if the state would grant approval.

Polio drive extended

Mrs. S. E. Moncrief Jr., emergency March of Dimes chairman, has announced that the Letcher County emergency appeal has been extended through to October 3.

"This is necessary," Mrs. Moncrief explained, "because, in spite of valiant efforts of emergency appeal workers, insufficient funds have been raised to meet the terrible debt load the Letcher County Polio Chapter now carries."

"This now totals more than \$12,000, and in addition Letcher County has four new polio victims who will be looking to the chapter for help. When polio strikes it is impossible for any one family to bear the expenses alone."

An idea of the help given to polio victims may be gained by mentioned of a few expenses undertaken by the chapter in recent months. She listed recent expenses as:

Whitesburg Memorial Hospital	\$2,047.00
Harlan Memorial Hospital	1,230.00

New attraction

TV Stamps, new market come to Whitesburg

Two new attractions came to Whitesburg this week—a new supermarket, and a savings stamps.

The supermarket, to be called City Supermarket, is located next to the bank next door to Star Frazier's hardware store. Operated by John Morgan and Bob Webb, the supermarket will have its grand opening in a day-long celebration Saturday.

The stamps, known as TV or Top Value stamps, are new to Letcher County. The stamps are nationally-known and are distributed by several of the nation's leading merchants, including the Kroger chain of

groceries. Spokesmen for the stamp firm say the stamps will be distributed by selected merchants in Letcher County who meet the firm's requirements that outlets selected be modern and, up-to-date in their merchandizing programs.

The stamp firm said it plans to locate a redemption store for its stamps in this section of Eastern Kentucky, possibly in Whitesburg, in the near future. Meantime the firm said, stamp-savers may receive their free gifts postpaid by following instructions for ordering which are printed in the TV Stamp catalog.

Blackey residents have dinner guests

By Larry Caudill

There will be a pie supper at Hot Spot School Saturday night, Sept. 19, at 7 p.m. (EST). It will feature a guess cake, a cake walk and a square dance. The prettiest girl and the ugliest man will be selected by popular vote.

Returnee after service in Korea, Sgt. Don Blair joined his wife and son at the home of Mr. and Mrs. Fernando Cornett. Sgt. Blair has been reassigned to Fort Carson, Colo.

Mrs. Vivian Branson visited daughters in Indianapolis, Mrs. Herman Jones and Mrs. Frank Dixon.

Jimmy Hall, Cincinnati, Ohio, visited his mother, Mrs. Ellis Collins.

A buffet dinner at the Mouth of Elk celebrated the 71st birthday of Mrs. Hattie Hodge. Present were Mr. and Mrs. T. A. Dixon, Mrs. Elzie Wilson, Mr. and Mrs. Ray Back, Mr. and Mrs. Powell Logan, Mr. and Mrs. John Buckhold, Mr. and Mrs. Newt Sturgill, Sherman Ison, Mr. and Mrs. Charles Pennington, Mrs. Betty Barton, Mrs. Elmer Portwood, Mr. and Mrs. Everett Wilson, Howard Caudill, Mr. and Mrs. Elzie Salyers, Mrs. Hettie Caudill, Mrs. Ada Salyers, Mr. and Mrs. James C. Rogers, Mrs. Harlan Salyers, Larry Caudill and others. Plus the premises alive with Aunt Hat's grandchildren and their friends.

The home at Jeremiah was the scene of a dinner by Mr. and Mrs. Alex Mosley. Present were Mr. and Mrs. Leonard Riley, Mr. and Mrs. Jesse Potter, Mr. and Mrs. Harvey Fox, Mrs. Clara Banks and Mrs. Opal Collins.

Kin Cornett has plum quit cutting weeds around the place. A whack with the blade discovered a sizable copperhead snake at his feet. Cornelia ran and got a hoe with which to chop off the reptilian head.

Heading homeward, Clyde Back dropped and scrambled most of a couple of cartons of eggs in the street. "If I'd had some chopped onion I would have had the biggest omelet in the history of Blackey," he said. Sun was hot enough to cook 'em.

His hands became careless with a drill press and Bill Walters learned that the gadget is tougher than his right third finger, which now is fashionably splinted.

A neighbor is feeding by medicine dropper a baby squirrel. He found it clinging desperately to the trunk of a tree, too badly injured by shotgun pellets to attempt to flee. Firing at a wee squirrel still isn't as bad as shooting a fellow hunter.

Uncle Ike has revised the formula for belonging to the Dixon clan: 1) Claim kin with everybody; 2) Eat three square meals a day; 3) Avoid all the work you can.

Grammar teacher once told us youngsters to write a paragraph of narrative description. My pencils rawled: "Sitting on a log, he tore a strip off his shirt and tied up the bloody stubbed toe." It was strictly from experience. The big toe still hurts at the thought of that mishap.

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "wash-board" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

American Legion post holds important session

The Bradley Burkhardt Post No. 66 held a rather important meeting in the Legion Home on Friday evening, Sept. 11. In this meeting it was decided to try to raise as much money as possible for the emergency polio drive and to make further plans regarding the organization of the drum and bugle corps.

Considerable progress has already been made by securing the services of Warren E. Brewer to direct the drum and bugle corps and most of the equipment in the way of bugles, drums, caps, ties, etc., has been collected. These articles of equipment were used a few years ago when the Jenkins Drum and Bugle Corps was one of the outstanding organizations of the nation and traveled from Maine to California to engage in competition with other drum corps.

"Moon" Childers reported that the programs being conducted on Saturday evenings in the Legion Hall seemed to be moving along in a satisfactory manner and might be considered a financial success. He reported that on one evening the senior group took in about \$80.00 at the door, and that activities around the post seemed to be going along in a

favorable manner. At a previous meeting the post agreed to purchase an electric range and a kitchen cabinet sink. These items were on display in the meeting room and the post voted to secure the services of one of the local plumbers to have this equipment properly installed in the kitchen.

Commander Carl Mercer discussed briefly with the group the importance of beginning the membership drive and announced the membership committee. The post went over its quota last year and because of the good work done the quota for this year was increased considerably which means more work for the membership committee. It was agreed that there should be a membership of several hundred instead of a membership of slightly less than one hundred. The work of Bradley Burkhardt Post in the past has been rather outstanding. The post will sponsor the American Legion awards for the several schools of the Jenkins School District again this year.

Lana Gayle Wright, daughter of Mrs. Edgar Wright, has left Jenkins to enroll at Eastern State College, Richmond.

Paintsville avenges loss of last year

By R. Percy Elkins

Mike Minix, Paintsville's outstanding junior halfback, amassed 218 yards on the ground and grabbed a 21 yard pass to score 30 points as Paintsville avenged a 30-0 defeat last season by whipping Jenkins 31-6.

The Cavaliers performed well on offense by gaining 198 yards, but the defense was superb in relinquishing 330 yards to the Tiger backs.

Even in defeat there were a few bright spots. Teddy Pass matured enough to gain 48 yards in three carries. This boy should be one of Jenkins' best ball players. Mike Dann, George Elkins, and Irvin Banks played well. Bill Howard was easily the most outstanding Cavalier as he rocked-and-socked the Paintsville backs and caught a TD pass from Mahan.

The Cavaliers moved to Paintsville's 37 on the first series of downs, but were held and Paintsville took over. The Tigers moved up the field and scored as Minix took a 21 yard pass and galloped over to put Paintsville ahead 6-0. Early in the second period Paintsville moved 75 yards on the strength of Minix's 59 yards in two carries and went ahead 12-0.

Howard Scores On Pass With only two minutes left in the half Banks pounced on a loose ball on the Paintsville 23. Three plays later Mahan fired to Howard in the end-zone for Jenkins' one touchdown.

Behind 12 to 6 didn't worry Jenkins very much. We figured to tie or go ahead in the third period, but Minix had different ideas. The EKMC's finest athlete took Mahan's kick on his 15-yard line and sped 85 yards to put Paintsville in front 18-6.

Minix streaked 43 yards for his 24th point on the first play of the last quarter. Midway in that period, Minix again slipped through the Jenkins' line and dashed 46 yards to give him a total of 30 points. Wiley crashed over guard for the final point.

Jenkins' second unit went in to the ballgame and with Ted Pass and Russ Adkins leading the way moved to the Paintsville four-yard line before a fumble halted the drive. Pass picked up 48 yards in three carries. Jenkins and Fleming-Neon Vie Saturday night at 8:00 p.m., at Fleming the traditional battle between Jenkins and Fleming-Neon will be staged.

None of us can remember when both teams have gone into this game without tasting victory; but that's what we have this year. Jenkins stands nothing and three while Fleming has dropped four of four.

Both teams are made up primarily of in-experienced players, but both should be jelled enough to begin winning a few ball games. Most people rate Fleming the favorite, but I think Jenkins will drop Hal's Pirates 13-6.

Joe Buckovich's little leaguers dropped a game to Elkhorn City 14-7 as David Cline scored on a six-yard run and a 41-yard runback of an intercepted pass. Cline added both extra points.

A pass from Greer to Horn resulted in Jenkins' touch down. Greer sneaked over for the point after. Johnson, Morris, and Collins played well for the "Little Green."

Last week Horn and Johnson caught 40-yard passes to give Jenkins a 12-12 tie with Pound.

Snapp says progress excellent

According to a report received from Supt. C. V. Snapp the Jenkins Schools are making excellent progress and began the year with a full corps of teachers.

Plans are now underway for an In-Service meeting with all staff members on Sept. 24. On this day all schools will be closed in order that principals and teachers may hear a discussion on the topic of counseling and guidance and engage in a workshop in an effort to try to meet the needs of individual pupils.

The school is also working on a revision of philosophy of education for the district. This work will continue for several

months before the philosophy is ready for approval.

Miss Lena Carol Cantrell, of Pound, Va., is getting a program of public school music underway in the Jenkins Schools. Last year it will be recalled the schools were without a public school music teacher.

The superintendent of schools also announced that a graduate course in counseling and guidance will be taught by a member of the staff of the University of Kentucky. This graduate course is open to all teachers who have the AB or BS degree and will carry three semester hours of credit.

The class which was or-

ganized on Monday night, if plans are carried out as indicated, will meet every Friday night and Saturday morning. Any one who did not get word to enroll on Monday night, Sept. 14 should contact C. V. Snapp, Superintendent of Schools, for registration. Some may wish to audit the course, that is to sit in and listen to the course and get the benefits of it without getting credit. In this case the enrollment fee would have to be paid just the same as if the teacher were taking it for credits.

The first regular meeting of the class will be held on Friday, Sept. 18, at 7 p.m., Eastern Standard Time at the Jenkins High School.

4-H members to auction pullets they have raised

By Joe O. Owens
Assistant Agricultural Agent
4-H pullets will be auctioned off Saturday, September 26 at 9:30 (EST) on the Letcher County Courthouse lawn.

These pullets will be judged by Mr. Blue and Mr. Stamper of Knott County Extension Office, then will be sold. Buyers will have a chance to select and buy the pullets of their choice from 108 whiterock, red hamshire, and berea bars.

The money from the sale of the pullets does not go to the club member, but will go in a 4-H fund. Each year money taken from this fund is used to buy one thousand baby chicks for Letcher County 4-H members to raise.

The 4-H member who accepts 100 of these baby chicks agrees to show and sell 12 pullets. This 4-H project is kept going from year-to-year through the pullet sale.

In addition to teaching the 4-H member how to raise chickens, this project gives local people a chance to buy top quality pullets at the price they want to pay.

Since many of you will be in town to look at our 4-H window display, why not plan on being at the Courthouse when these pullets are sold?

Kentucky tries use of coal for roads

Frankfort—Kentucky has become the first state to test a road-paving material derived from coal.

Gov. Albert B. Chandler Sept. 9 dedicated a test pilot plant built here by Curtis-Wright Corp. under contract with the State Highway Department to produce the material.

The governor and officials of the firm, state and local governments then journeyed to a road project near Frankfort and witnessed the laying of surfacing material containing the coal-based binder.

The governor sketched this outline of the developments that made it possible for Kentucky, third largest coal producing state, to take this step toward possibly finding another new use for bituminous coal.

April 7, Curtis-Wright announced development of the coal-based road paving binder, utilizing bituminous coal; May 21, Highway Commissioner Ward J. Oates, officials of coal operators association and other state officials met with C-W officials.

June 24, State and Curtis-Wright signed contract for joint program for the building of the pilot plant to produce the binder, lay eight to 12 sections of highway, conduct a one-year testing program of the material; Aug. 17 C-W completed design and construction of the test plant which can

produce 3,000 gallons of the binder daily.

Sept. 9, the pilot plant was dedicated and the first strip of experimental highway paving officially laid down to begin the test program. The test strip is nearly a mile long.

D. V. Terrell, department research director and dean emeritus of the University of Kentucky College of Engineering, explained the testing project at the road site. It is near Woodlake on the Frankfort-Georgetown Road, US 460. Terrell said the state would find out how the coal-based binder performs in actual service, comparing it with other materials. It is part of the \$119,767 resurfacing contract awarded Robert L. Carter Co., Frankfort, for resurfacing 22.7 miles of US 460 from near Frankfort through Scott County to the Bourbon County line.

Obituary

OBITUARY OF

MILLIE WHITAKER
Millie Whitaker born January 27, 1891 and died September 12, 1959, age 68 years, seven months and 16 days.

She was married to Jeff Whitaker December 19, 1907. To this union was born 12 children, Ollie, Nancy Ellen, Reca, and Charlie of Freetown, Ind.; Alice of Otisco, Ind.; Astor of Crown, Ky.; Edgar of Trenton, Mich. and Benton of Wyandotte, Mich. Four infants preceded her in death.

She said she wanted her funeral preached by Indian Bottom ministers and that she didn't want nature stirred up, but wanted repentance preached to her children. Just the truth as it is in Christ Jesus. That she wanted good comforting songs sung (not about mother) but about Jesus and a better country where all her children and friends could go if they make it right with God in this life. She said she was ready to go, that she couldn't see any thing in her way. All she hated to leave this world was to leave her children. She prayed all the time for them.

She joined the Old Regular Baptist Church and was baptized September 1928 and has lived as a faithful member and filled her seat as long as she was able. I think the verse of this song describes her life.

Sister, thou wast mild and lovely

Gentle as a summer breeze,
Pleasant as the air of evening

As it floats among the trees.
She leaves to mourn her loss a husband and eight children; two sisters, Manda of Horse Cave, Ky., and Atha of Day, Ky.; three brothers, Boyd of Benham, Ky.; John D. and Henry of Day, Ky.; three step-brothers, Bryant of Isom, Ky.; Charlie of Cumberland, Ky., and Fred of Partridge, Ky., and a host of friends and relatives.

Safety Day scheduled at Pikeville Friday

The twenty-third annual Safety Day sponsored by the Big Sandy-Elkhorn Coal Mining Institute will be held on Sept. 18 and 19 at Pikeville.

A highlight of the Safety Day program will be held Saturday morning, Sept. 19 at 11:00 a.m. Personnel of the United States Bureau of Mines will demonstrate the application of high-expansion foam to a simulated mine fire, sometimes called the foam-plug method. This demonstration shows how the foam is generated and is pushed over the fire to bring it under control.

Entered in the contests are seven mine-rescue teams and 11 first-aid teams including two teams in the boys division and one team in the girls division.

Both the mine-rescue and first-aid contests will be held in the City Park at Pikeville. The mine-rescue contest will be held on Friday, Sept. 18 at 9 a.m. The first-aid contest will be held on Saturday, Sept. 19, at 1:00 p.m.

Prizes will be awarded the

winning teams following the conclusion of the first-aid contest.

Former local youth weds Dayton girl

Katherine Anagnos became the bride of Gail P. Potter of Dayton, Ohio, in a recent ceremony at the Greek Orthodox Church.

The bride is the daughter of Mr. and Mrs. George Anagnos, 245 Marlay Road.

The bridegroom's parents are Mr. and Mrs. Ellis Polly of Brodhead, Ky., formerly of Letcher County.

The bride was escorted to the altar by her father. She wore a formal gown of taffeta which featured a chapel-length train. Her two-tiered finger-tip veil of French illusion net was caught to a chantilly lace crown of pearls.

Maid of honor was Photine Stamas, the bride's cousin. The bridesmaids were Martha Malberg, Carol Nealon and Theona Dimitrion. The couple's sisters, Shandra Polly and Diana Anagnos served as junior bridesmaids. Alex Phillips was best man. Ushers were Nick and Steve Stamos, Brian Good, Jerry Kuntz and Edd Zima of Cleveland.

After their wedding trip in the South the couple will return to Dayton, where Mr. Potter is attending the University of Dayton. Mr. Potter is a graduate of Whitesburg High School and he is now in charge of the "Dixie Dynamos Band," which is so popular in Ohio for their Dixieland music. The new Mrs. Potter has just finished a beauty course at Byrds Beauty School.

Telephone Talk

by BOB TAYLOR
Your Telephone Manager

THERE'S NOTHING LIKE the old-fashioned sound of the school bell ringing to remind us that hundreds of our well-scrubbed, bright-faced youngsters will once more be crossing streets or waiting for rides. So let's all remember our "driving manners" and heed the traffic safety rules of school zones and bus signs.

OTHER BELLS are ringing more often during the busy fall season too—telephone bells. Most folks have learned how easy and fast it is to shop by phone. In fact, there's a growing new class of consumers in the country—women who've learned how much time they save when they order by phone. So, when you're at your busiest with "things to do" piling up all around, let your telephone work for you. It'll save you lots of time and steps and doesn't cost any more whether you make one call or a hundred (in town, of course).

AND BY THE WAY, to make your telephone shopping easier, don't forget the Yellow Pages are a handy guide for the goods and services you want.

AND LADIES, here's something made to order for you. I'm sure you'll enjoy our new 15-minute technicolor film, "Plan for Pleasant Living"—a room-by-room tour of an idea-filled home, designed and furnished in cooperation with GOOD HOUSEKEEPING.

It'll give you a hatful of wonderful ideas for any decorating you're planning this fall. Just call our business office and we'll arrange a showing at your next woman's club meeting, PTA meeting, or other get-together. It'll be something new and interesting, and there's no charge.

What's that again?

For the past several days various Democratic leaders in Letcher County have been telling us what a glorious day it will be for Letcher County in particular and Eastern Kentucky in general when Bert Combs is elected governor.

We've heard tales of roads to be built and other marvels to be performed to such a degree that once or twice, we've almost been convinced.

Therefore, it came as something of a shock to us this week when we learned that Combs' own state campaign headquarters doesn't know Letcher County; doesn't know the first thing about it, and in fact, apparently doesn't even know the name is Letcher and not something else.

We received in the mail a news release printed elsewhere in the paper, quoting the man who is Combs' state campaign chairman, John C. Watts, as announcing the appointment of James M. Caudill, Arthur Dixon and J. S. Holbrook to work together as county co-chairmen for Combs. And what county do you suppose they're going to work together for? Not Letcher County!

To quote from the news release: "Watts said: 'Democratic State headquarters is most pleased to announce that these three able leaders have agreed to work together for Boone County Democrats in the general election campaign. We congratulate the Democrats of Boone County on this step to unite their forces for the common interest and welfare of their party.'"

Any day now, we expect to receive an announcement from Watts that he has appointed three co-chairmen from Boone County "to work together for Letcher County."

We just hope that if Combs is elected, somewhere along the way he and his manager will learn a few lessons in geography. We hate to think that all those roads promised for Letcher County will be built in Boone County.

Democratic ignorance of Kentucky makes us wonder about John Robison, the Republican nominee. But he's from Louisville and we doubt that he ever heard of either Letcher or Boone Counties.

Who'll tell 'em?

Republican campaign headquarters, complaining in a news release about the smallness of its staff in comparison to the Democratic campaign setup, refers to the "well-healed" organization of Candidate Bert T. Combs. Well, the organization may be "well-healed" rather than "well-heeled," but if it is, somebody ought to tell the people at Frankfort who are fighting so hard over state road money. If that isn't a sore spot, we never saw one.
